

Memorial Opportunities

Pheasants Forever and Quail Forever now offer more opportunities to *Leave A Legacy* by contributing funds to the Baxter Wildlife Scholarship Fund.

Bill Baxter was a champion for strong wildlife considerations in the Farm Bill and worked throughout his career to benefit pheasants and quail. To help leave a lasting legacy that would impact wildlife in the future, he established a scholarship fund to assist young wildlife professionals in their career and education.

Memorial contributions received throughout the year are added to an Endowed Scholarship Fund that helps to support and build the next generations champion for wildlife and wildlife habitat. If those future wildlife professionals are half as successful as Bill, wildlife and wildlife habitat will benefit for many years to come.

Baxter Wildlife Scholarship Fund
