

# Banquet Place Settings

**New for 2010**

## Just \$25.00 for 50 sheets

Using place settings at your next banquet can be one of the most effective ways of letting your members, sponsors and underwriters know what PF & QF are doing in Nebraska. When your members can actually see what you are doing with their donations, they are more apt to support you the night of your banquet.

**Pick up your place settings today at the State Habitat Meeting registration desk**

**Chapter Name:** \_\_\_\_\_

**2010 Place settings ordered (in multiples of 50 - \$25.00 each):** \_\_\_\_\_

**2009 Place settings ordered (in multiples of 50 - \$15.00 each):** \_\_\_\_\_

*Now More Than Ever...  
We Need You!*

Now more than ever, Nebraska needs Pheasants Forever. In the next five years, 84.5% of CRP in Nebraska is set to expire. In the last eight years, we have lost 49% of our resident pheasant hunters. Your support of Pheasants Forever tonight, can and will make a difference to help reverse these trends. 100% of the funds raised at this banquet stay in control of the local committee, allowing them to create more habitat, secure more public land access, and providing more educational opportunities for youth to enjoy our hunting heritage. In fact, over the last 23 years, Nebraska chapters have spent over 26 million dollars impacting over 2.8 million acres of habitat, and introducing over 8,500 Nebraska youth to the great outdoors. With your help and support, we can "Reload Nebraska" and return our state to the glory days of upland bird hunting. Now more than ever, Pheasants Forever needs your support!

Please visit [www.NebraskaPF.com](http://www.NebraskaPF.com) for more information how you can make a difference with your support of "Reload Nebraska." A once in-a-lifetime opportunity to protect Nebraska's natural resources forever!

For more information see a local volunteer or contact:  
Scott Smathers - Ph. 402-261-4923  
Drew Larsen - Ph. 308-534-2807

[www.NebraskaPF.com](http://www.NebraskaPF.com)

Every \$100 spent here tonight translates into =  
1 acre of nesting cover, 1 acre of woody cover, 1 acre of wetland restoration, 1 youth at a youth event.

**PHEASANTS forever**  
The Habitat Steward

**QUAIL forever**  
The Habitat Steward

This place setting has been developed to help announce and promote the "Reload Nebraska" campaign. This is a great way to start the discussion with your members about our efforts to help restore and improve wildlife habitat in the state.
